Workjam Benefit Overview

WHAT IS WORKJAM?

Workjam allows associates to get shifts covered and pick up open shifts, and provides convenient communications functionality for direct, group, and blast messaging

KEY FEATURES	
Front Line Manager	Front Line Associate
<ul style="list-style-type: none"> • View & edit employee schedules • Post Location wide communications • Offer shifts when coverage is needed 	<ul style="list-style-type: none"> • View Schedule • Communicate with team through direct chats • View location wide communications • Swap shifts with a peer • Accept open shifts when available

WHAT ARE THE BENEFITS?

FLEXIBILITY

Managers can view & edit schedules, post open shifts and communicate to their teams from their mobile device and desktop

SHIFT COVERAGE

Post open shifts, swap shifts and accept shifts when available

COMMUNICATION

Post & view location wide communications, direct chat with teams and view announcements

TRANSPARENCY

Employees can view their schedules and communicate with teams without asking their manager

WHAT CAN I SEE IMPROVE?

Schedule accuracy

Punch accuracy

Exceptions

“I am a big advocate for WorkJam and all it can do to help with communication on campus and the fact that it communicates with Kronos is a big deal. As an account i would absolutely tell anyone to use this. For us it is so simple and so helpful.”

Jose Vila
FOOD SERVICE DIRECTOR, UCF
